## SACRAMENTO COUNTY GENERAL PLAN 2030

### Other Policies in the Draft Plan

- Agriculture
- Conservation
- Scenic Highways
- Circulation
- Land Use

## SACRAMENTO COUNTY GENERAL PLAN 2030

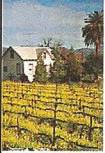

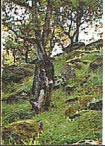

### Agricultural Element

**AG-32:** The County shall support a variety of Agri-tourism uses that encourages economic stability while still respecting and promoting the primary agriculture use of the land.

SACRAMENTO COUNTY  
GENERAL PLAN 2030

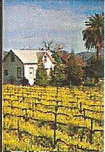

### Conservation Element

**CO-23:** Direct development away from prime and statewide importance soils or otherwise provide for mitigation that slows the loss of additional farmland conversion to other uses.

SACRAMENTO COUNTY  
GENERAL PLAN 2030

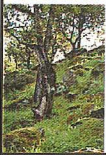

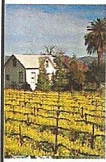

### Conservation Element

**CO-64:** Curtail tillage of peat-rich Delta soils to retard erosion and subsidence, and protect the agricultural productivity of Delta islands

## SACRAMENTO COUNTY GENERAL PLAN 2030

### Conservation Element

**CO-67:** Projects resulting in the conversion of more than fifty (50) acres of prime, statewide importance, unique and local importance farmland shall be deemed to have a significant environmental effect, as defined by CEQA.

## SACRAMENTO COUNTY GENERAL PLAN 2030

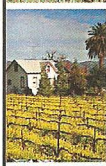

### Scenic Highways Element

**Objective:** To retain designation of the River Road (State Highway 160) as an Official State and County Scenic Highway and to preserve and enhance its scenic qualities.

## SACRAMENTO COUNTY GENERAL PLAN 2030

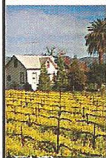

### Land Use Element

**LU-76:** Expansion of urban uses in rural areas shall be limited to the established Delta communities of Freeport, Hood, Locke, and Walnut Grove and to specific small expansions that support the agriculturally and recreationally based economies of the Delta.
